I am just a girl alone in this world / friends and  
family just cannot understand / things I'm going  
through / what I need from You / Holy Spirit  
comfort me and hold my hand

If I told you / I told you the Lord is my strength  
/ my redeemer / deliverer / shelter in the time  
of storm / would you still want my number? /  
would you still / would you still follow me to  
homeroom

Would you still be as charming? / grinning /  
wanna please me / saying what I want to hear /  
would you still wanna know me / are you trying  
to play me / or could you be the one

My relationship with the Lord is all that I will  
ever need as I find my way / Father hold me  
closer / I'll tell you every secret / and in You I'll  
ever trust and obey

Would you wait for me / wait for me / patience  
is the key / Holy Spirit to lead / or would I have  
to fight my way out your car / slow the hands  
down / if you can't lift them up in praise then  
they shouldn't hold me

I'm a girl trying to learn to be a woman / hope  
you wanna be a man and not a lovesick child  
who would lie to me / are you the guy for me / did you  
know obedience is the highest praise

Yeah / I can talk to / could you be / it's all I'm asking,  
mister / our lives have just begun / if you are the one /  
could you be the one I've prayed for / when all is said  
and done / could you be the one

I am just a girl / alone in this world / friends and family  
/ they can never see / all that I am / and ever hope to be  
/ to God be the glory / tell me, tell me / could you be the  
one

## MAMA DON'T LIKE IT

Saturday morning / alone in Gethsemane / I wait  
patiently for thee / a world of confusion / a thousand  
philosophies / but I know where my heart shall be

Some people just won't believe / though you're in the

air we breathe / hard hearts can't be broken / but the sky  
and the stars / all the heavens shout glory!

Mama don't like it / daddy won't sing the song / sister  
denied him / but I'm gonna praise him

Mother and father want only the best for me / I wish  
they could see what I can see / I am committed / there's  
no turning back for me / we love though we don't  
always agree

Like Daniel in the lion's den / sometimes you're my  
only friend / closed minds can't be opened / but the sky

and the stars / all the heavens shout  
glory!

Mama don't like it / daddy won't  
sing the song / sister denied him /  
but I'm gonna praise him

You're everything to me / you're in  
the air that I breathe / you're all I  
ever need

Just the sound of your name and my  
joy like a flame springs to light and  
ignites birthing day from my night

Though I stand all alone you remain  
on the throne / I won't turn / I won't  
sway / until my dying day

You're the first / you're the last in  
my life / all I ask / give me more /  
give me more / give me more / give  
me more of your grace / stronger  
faith / keeping pace in the race / not  
the swift / not the strong / but the  
one who keeps on

And the sky and the clouds and the  
moon and the stars and the wind and  
the rain and the fish in the sea and  
the grass and the trees and the birds  
and the bees and the rocks cry out /  
all the heavens shout glory!

### **FALL IN LOVE AGAIN**

Found someone to keep you warm  
/ someone to hold you through the  
darkness that has now consumed  
your heart and keeps you from  
knowing God / God has ordained a  
love for you / But there's a time and  
a season / Love can survive if you'll  
open your eyes

It must just be me / Doesn't anybody  
want to fall in love again

Found someone to hold you tight /  
Someone that you can keep at arm's  
length / You keep the conversation  
light while you keep building your  
fences / God has ordained a love for  
you / Give me the reason why you  
deny the Lord's plan for your life

I wake up to the sunrise and dawns  
a brand new day / and I realize it  
hasn't always been this way / and  
I'm so glad You came my way

Now I draw breath of a brand new  
life / and I'm feeling the flow of  
sweet peace inside / and I'm start-  
ing out in life all over again / those  
nightmares can knock at my door /  
but I'll never let them in

I'm with You / come what may /  
nothing can ever make me sway /  
and I'm so glad You came my way

I'm with You, Lord, come what may  
/ it's taken me a long time, but now I  
love You / deliver me, abide with me  
and I with you / wash my sins away  
/ wipe my tears away / take the pain  
away, Lord / I'm yours forever and  
ever more

Because of Your great love, You  
made me alive in Christ Jesus / this  
lonely heart / this broken vessel

I belong to You, Lord / Show me  
what is true, Lord / Anoint me anew,  
Lord / I'm waiting on you, Lord /  
Order my steps, Lord / I give You  
my best, Lord / Surrender the rest,  
Lord / I'm so glad

For everything that You've done  
for me / for everything that you've  
given me / for how You died on Cal-  
vary / Each and every day / Come  
what may / I'm so glad You came  
my way

### **I'M GONNA FLY**

There will come a day when you  
must choose / whether you'll win  
/ whether you'll lose / now that  
you're young you've got the time to  
make up your mind

Friends / lovers will come and they  
will go / choices you make will  
someday grow into the life you'll  
someday lead / you'd better listen  
to me

I have decided I'm gonna fly

Go / follow the light within your  
heart / god is the author / love's the  
spark that ignites your hopes and  
dreams and sets your spirit free
